Optical fibres and hybrids (optical + electrical) in harsh environment

STANDARDS

Product ABS 0963-003 LF

- High chemical resistance: fluids, oils, skydrol, detergents, solvents
- High mechanical resistance: high tensile strength, resistance to torsion and crush
- Flame retardant
- Operating temperature up to 125°C

CHARACTERISTICS

Usage characteristics

Maximum operating temperature

125 °C

Maximum operating temperature
125 °C
